# Frequently Asked Questions

- **Can I rent an instrument for the summer?**

There is no charge for summer rental. Rental fees will be due in the beginning of the year

- **Why do students switch instruments?**

We will likely need to switch a few instruments around to create a balanced ensemble. We try to respect students wishes, while also creating a successful balance for the group.

- **Does my student need private lessons?**

While it is not mandatory to get private lessons, it is strongly encouraged. There is a private lesson staff here on campus and your students can take lessons when school starts on campus. Please don't hesitate to ask for a form to get your students a private teacher.

- **What if I miss band camp?**

Marching band is a very team-oriented activity in which attendance is a crucial aspect. Any time a student is missing, band camp or not, it negatively effects the ensemble. Please check the band calendar for our schedule to avoid these conflicts. Sick students should try and attend without jeopardizing further illness. If students miss rehearsal, and there is an alternate available, the alternate will take the spot. If the staff feels the student will be too far behind, they will not be performing until caught up.

- **How can I help?**

There are numerous activities that the boosters help support the band with. From organizing uniforms, to running fundraisers, to building racks and helping with water at competitions. We need lots of help! Please be available and willing to volunteer. When emails are sent out, be proactive. In the end, it all helps your students have a better experience in the Campo Verde Bands.
